

2014 Huts Yurts Water Systems

Page 1 of 2

Name of Hut/Yurt	Well	Spring	Creek	Lake	Tank with water, filled by local water source, like a creek	Tank with water, hauled in	Melted Snow in winter	Bottled Water, such as 5 gallon containers	Water Collection off Roof	Details of Water System
Marceline and Emma Yurts						X	X			In summer we carry up gallons of water
Phoenix Ridge Yurts								X		6 gallon jugs are provided for pick up or can be requested to be delivered in dry months.
Maroon Hut/Forest Queen Hut	X						X			Maroon Hut, well Forest Queen, snowmelt
High Camp Hut	X				X					I have a well with a hand pump and we filter drinking water. In the summer we pump water from a spring into a holding tank and then gravity feed water to the cabin.
Tundra Hut		X				X	X	X	X	Spring is 700 feet away.
Pass Creek Yurt			X				X	X		Snow melt in winter. A nearby creek in summer. High capacity water filter provided for summer users and a 5 gal. container because water filter can be slow.
San Juan Hut System, Inc.		X				X	X			
Hidden Treasure Yurt							X			Bring 5 gallon containers in Summer
Fisher Mountain Hut		X					X			There is a spring about 100 feet from the hut that can be accessed in the summertime.
Tenth Mountain Division Hut Association, Inc			X		X		X		X	Varies with the hut, but all huts have snowmelt pots on heat stove and most huts have roof-cachement cistern systems. Fowler/Hilliard has a propane-fired snowmelt device that works well. 6-gallon containers and backpacks are provided for summer collection at nearby water sources.
OPUS Hut									X	2,300 gallons storage
